Description

The Zero Effort Digital control by Mercury Racing provides an intuitive control experience – precisely signaling driver intent to engines equipped with SmartCraft Digital Throttle and Shift (DTS) technology.

- All new ergonomic design for effortless shifting and ultra-fast throttle response
 - Heavy-duty stainless steel levers with anodized aluminum handles
 - Variable friction adjustment provides a custom tactile feel and resists throttle creep
 - Integrated throttle trim switch for hands-on trim control
 - Enabled for automatic throttle synchronization and shadow mode for triple engine applications (where two throttle levers operate three engines).
